

What is a Healthy School?

Monthly Campaign Bulletin Board

Theme:

The concept for this bulletin board is to have students brainstorm ideas about how their school can be healthy.

Bulletin Board Example:

Classroom Instructions:

Have a discussion with your class about what it means to be a healthy school. Choose a theme (running shoes, apples, stars, etc) that students can write their ideas on.

Bulletin Board Instructions:

The example above is specifically for an APPLE school, but you can make it specific to your healthy school focus. Create an area where students can easily pin their shape with their healthy ideas onto the bulletin board.

If you have any information or handouts about your healthy school, make sure that they are available for parents or community members.
